Greetings!

It has been said that one of the most basic tools in a company's arsenal is the humble media planner. But truly, there's nothing humble—or basic—about what you hold in your hands. Inside are our plans for the future of our company, explaining how what *we do* can impact what *you do* in a very meaningful way. Inside, you will read about how you can be a part of our:

- Cogent digital products that whisk your message into inboxes, or capture attention on our beautiful website, catersource.com
- Media opportunities related to our exceptionally well-attended conferences (*Catersource*; Art of Catering Food) that bolster the livelihood of caterers and event planners across the US and beyond
- The swan song issue of *Catersource* magazine and its subsequent iteration as a single, yearly issue offers a way to promote forward-thinking future possibilities and celebrate new beginnings

Join us as we deliver to you a wide range of creative and truly innovative media channels, all intended to propel your business toward heightened fiscal performance. I suppose it really is that simple—and that basic. Your success means our success.

Let's partner together and make 2017 a year for the record books.

ABOUT CATERSOURCE

What is Catersource?

Catersource is the nation's leading events and media resource dedicated to catering and event professionals. The Catersource portfolio of products delivers fresh ideas and business strategies, and reveals established techniques used by successful industry professionals, worldwide.

Align your brand, promote your products and services, and increase leads and sales with top industry buyers who represent this thriving B2B community.

Website Community

Catersource.com is more than just a resource—it is an invitation to deepen professional connections and inspire solutions within the catering and events industries. Our diverse community of readers and information-seekers look to cater source.com for inspirational articles and blog posts, event profiles, unique ideas, and ways to enhance and grow their businesses.

eNewsletters & Magazine

With targeted and content-rich eNewsletter products including new for 2017 products devoted to exhibitors and conference attendees, Catersource covers emerging trends, sales and marketing techniques, new products, emerging technology, menu creation, recipes, and other innovative ways of approaching issues such as staff hiring and retention, increased dietary requirements, and employee satisfaction.

Catersource magazine, while ceasing regular production after its March/April issue in 2017, will land 1x a year as a robust show issue in Q1 each year. We value the power of print and hope the yearly issue is a way of connecting with those who attend or exhibit at our shows. It's a means to reach them in what has become a non-traditional—but certainly welcomed—avenue of engagement.

Catersource & the Art of Catering Food

These two targeted events, held in Q1 each year, bring together industry professionals from around the globe to essentially see cater source.com come alive via excellent seminars and a lively tradeshow floor. Our highly-engaged attendees are ideal buyers because they purchase in large volume and seek new, diverse products. Our buyers have a hand in a wide variety of hospitality services, including corporate events, foodservice management contracts, and special events.

All files and images must be at least 300 dpi (dots per inch). Web-based images are only 72 dpi, so please ensure that you are using the proper size photo when designing your ad or sending your materials for design.

Fonts

All fonts must be embedded or outlined—no font substitutions. Trim, bleed, and center marks must be offset by at least one quarter inch (9 points) from the trim.

Formats

Acceptable digital formats are PDF, EPS, TIFF, JPG, or Postscript. Please do not submit native application files. Illustrator EPS files are acceptable if fonts are outlined and all images are embedded at 300 dpi. All color except for paid spot colors should be set to CMYK or grayscale.

Email files to your advertising representative, stating publication name, issue month/year, advertiser name, contact name, and telephone number. Compressing (zipping or stuffing) your files will help reduce the file size and prevent corruption. Files over 10 MB should be sent via Dropbox, Egnyte, or another file system.

Design and production charges, with the exception of Special Focus sections, are in addition to space rate and are noncommissionable. They are billed at \$95 per hour with a minimum fee of \$25.
